18. What do you think the school does well?

- The school is friendly and welcoming and knows the children well. They have different things to do in school and also outside activities to ensure they have a rounded education and experiences.
- Treating each child as an individual, not applying one approach for all. Being available to support in multiple ways, not just academic. Providing the children with a wide range of experiences and activities beyond the basic curriculum.
- Enrichment of the curriculum with experiences beyond the classroom.
- Broad, balanced and exciting curriculum, with a group of staff that care about the children in the school.
- Personal development for children is fab. Would like a school report and a second parents evening per academic year
- Everything - The Suckley team go above and beyond for all of my children. They have supported me and my family when we needed them this year. I can't thank them enough for everything they do for my children. You should all be so proud of the love and support you show the children of Suckley. You are all truly amazing….. we are so lucky to have this wonderful team . Keep being awesome
- The happiness of the children at the heart of the school. Involving the wider community in school lessons
- The class teachers are dedicated and make learning engaging.
- Our child is extremely happy at Suckley, which we feel is an important foundation of being a successful learner. The lessons and topics are taught in a way that is interesting and exciting, with the opportunity to always explore them further through external trips or visits within school. Weekly newsletters are always informative with what has gone on that week and what is coming up. We would like to take this opportunity to say thank you to the wonderful staff at Suckley for making it such a wonderful community to be part of.
- The school centres everything around the whole person. My children are acknowledged for their individuality and celebrated for who they are. The school makes every child feel seen and appreciated. The school is also outstanding at working with parents, who also feel heard and acknowledged. I love this holistic approach and wish all schools could have a culture like this.
- Kind, happy and helpful approach to parents and children. Understanding difficulties that parents can face in a non-judgemental way. Keeping education traditional with a twist x
- Our child very happy at school. Every morning very excited to go back . Great to have stay and play. Lovely little school!
- A true sense of community, with children of all ages playing together. Promoting kindness and support to your peers. Fun while learning, lots of trips, visits and different techniques to keep things interesting. The PTA also puts on a wide range of social activities for the school, which I have not heard of in other schools
- Weekly newsletters and reminders of lovely things coming up
