'HAPPY, ASPIRATIONAL AND READY FOR LIFE'

This week at Suckley School

Happy Friday!

It has been such a lovely week this week watching the children settling into their new routines and absorbing new information each day.

Many children have come up to me in breakfast club, the corridors, playtimes and lunchtimes eager to tell me about their new topics. I've been told facts about India being the origin of chess, I've been shown toolboxes filled with emotional tools and I have been asked to sniff rosemary that has been pruned from our outdoor provision. I'm not sure many people could list such an eclectic list of highlights of their week as these! I love that the children share so much of their learning with all who walk through the doors of Suckley!

It was a delight to welcome Charlie Tilley back into Suckley School this week to teach PE to KS2. He will also be running after-schools clubs for KS1 and KS2 on a Monday and a Tuesday. All clubs are due to start next week. Please sign up if your child is interested.

As always, if you have any questions or concerns please do not hesitate to get in touch.

With kind regards,
Helen Field

Photos of The Week

To support the children's vocabulary and in order for them to keep abreast of current affairs, both locally and nationally, we have a "Let's Talk About It" assembly every Monday. Each week we have different pictures and questions to initiate conversations with, and between, the children. We would like to continue this 'talking' theme by asking you to discuss activities the children have done in school each week. Here are some photos to help prompt the conversations:
