This week at Suckley School

Happy Friday,

We could not be prouder of our Year 6 children this week. They have shown incredible determination and resilience whilst completing their statutory Standard Assessment Tests (SATs). The way these tests have to be administered is very different from our usual warm, supportive Suckley approach, yet the children rose to the challenge brilliantly. To celebrate their hard work, we are treating them today to bacon and sausage sandwiches, prepared by the staff, at Forest School—a well-deserved reward! The most exciting news of the week has been the hatching of our (yet to be officially named) ducklings—numbers 1, 2, 3, 4, 5 and 6! The level of conversation, curiosity, and sheer awe this has generated across the school has been wonderful to see.

Following the support of Lulsley Trust, the Tractor Club, Suckley Parish Council and the Alfrick Show, along with contributions through our GoFundMe page, we are excited to share that we have been able to begin the renovations to our playground areas. We have already made a start on the Wrens garden, which you can see on the next page. I believe our target of £8,000 is still within our reach- if you would like to contribute, please see the page with our QR code at the end of this newsletter. Your support is greatly appreciated. *Continued...*

This week at Suckley School

I would like to extend a huge thank you to the staff and their families who gave up their Sunday last weekend to renovate the Wrens' garden area. It had been looking a little tired after we sadly lost our tree and the castle structure to strong winds last term. Thanks to efforts of the team, it is already looking rather special, with newly painted fences, refreshed resources and exciting learning opportunities. There is still more to come, so please do take a look when you are passing!

Finally, I'd like to wish the children taking part in the Bromyard Golden Trophy on Saturday and those who are running the Suckley quarter marathon the very best of luck- I'll see you there! With kind regards, Helen Field

Photos of The Week

To support the children's vocabulary and in order for them to keep abreast of current affairs, both locally and nationally, we have a "Let's Talk About It" assembly every Monday. Each week we have different pictures and questions to initiate conversations with, and between, the children. We would like to continue this 'talking' theme by asking you to discuss activities the children have done in school each week. Here are some photos to help prompt the conversations:

Help Us To

🌿✨ Transform Play at Suckley School! ✨🌿

Play isn't just something children *do*- it's how they grow, explore, build confidence, and thrive. It nurtures emotional wellbeing, sparks creativity and strengthens friendships. This year, we're launching an exciting project to enhance break and lunchtime play for every child from Reception to Year 6 — and ***we need your support***.

With your support, we hope to:

Refresh and improve our wild area so it's safer and more inviting

Add exciting new play equipment that encourages movement, confidence building, and inclusivity

Expand our play resources to include STEM, construction and problem-solving activities

Provide areas to encourage creativity, role-play, loose-parts play, and open-ended imaginative fun

Why this matters:

A richer, more engaging play environment means: ❤️ Happier children ✨ Improved wellbeing 🤗 Stronger friendships
📖 Better learning throughout the day

How can you help?

Your donation — no matter the size — will make a real difference. Every pound brings us closer to providing the inspiring play environment our Suckley children deserve.

If you can, please donate using the Go Fund Me QR code: <https://gofund.me/0e1adae5c>

Thank you for supporting our school community and helping bring this vision to life. ❤️🌿

GAMEBUILDING Afterschool Club_

At Jam Coding, our goal is to help improve children's digital skills. This game building workshop will teach children how to code and build their very own 3D computer game. Children will have fun creating interactive animations and games using visual coding. Working in teams, they will learn how to think logically and solve problems. At the end of the course, all children will receive a certificate and one team will receive a trophy!

DATES : 4/6/26, 11/6/26, 18/6/26, 25/6/26,
2/7/26, 9/7/26

TIME : 15:15 - 16:15
